Discover the world's top universities for materials science, with the QS World University Rankings by Subject 2015. The rankings highlight the world's top universities in 36 individual subjects, based on academic reputation, employer reputation and research impact (full methodology here: [http://www.topuniversities.com/university-rankings-articles/university-subject-rankings qs-world-university-rankings-subject-methodology](http://www.topuniversities.com/university-rankings-articles/university-subject-rankings qs-world-university-rankings-subject-methodology)). Use the interactive table to sort the results by location or performance indicator, and to access more details about the universities you're interested in.
